CHIEF SECRETARY'S
5 OCT 1928

SUBJECT:— Defects and irregularities of common occurrence in the working of the C. R. B. Rules. ----

Sir,

Adverting to your Official Memo No. 1714-1913/C.R.B. 7-28-1 dated 17th August 1928 bringing to notice certain defects and irregularities of common occurrence in the working of the C.R.B. Rules, I have the honour to state as follows:-

There are no instances of the kind referred to in para 2 of the circular - In vacancies however, of three months duration and less, temporary arrangements for work are made from among available candidates who have previous experience in Office Work. This is necessary in the interest of work and is provided for under the rules.

In regard to the defects observed as item No. 1, there are generally no delays in getting vacancies advertised and delays of the kind referred to are few and are mostly due to delay in receipt of reports of vacancies from subordinate offices, correspondence regarding tenure and particulars of pay of appointment to be made available in particular vacancies. Delays of this kind are unavoidable and cannot be anticipated.

In regard to the appointment of officials holding ministerial appointments in vacancies of executive service such as Revenue Inspectors etc, I am not aware of any rule that the two services

services should be classed ~~as~~ two different cadres for purposes of recruitment and promotion. It is found that clerks of Taluk and District Offices prove more efficient as Revenue Inspectors by virtue of their previous experience than raw recruits Besides, it will not be fair to deprive the deserving officials of the promotion that they would get.

In view of the circumstances explained, above, I request to be informed, whether it is the intention of Government to appoint new recruits even in short term vacancies and whether executive and ministerial posts have to be treated as two different watertight compartments.

I have the honour to be,

Sir,

Your most obedient servant,

Deputy Commissioner,

Mysore District.

Dear Mr Appoji Gowda

You may probably remember
in your notes of inspection (as Secy,
C.R.B) of the district Jail of
Hassan, Shimoga, Kadur, Chitaldrug
Kolar observations have been made
about the irregularity in appointing
APCs in the Ministerial Service for
Vacancies in Executive Service and
Keeping Open for direct recruitment
the Consequential Vacancy in the
Ministerial Service. So far as
I am aware, there appears to be no like order

My Govt that the two Suits viz Ministerial & executive
should be treated as and classed with and considered as severally
Cases for purposes of Recruitment &
promotion. I shall therefore be
obliged if you will kindly let me
have a line in reply as to the terms for whether

Dated Closepet the 2nd. Januarv 1929.

Dear Mr. Ismail Sheriff,

I received your letter No.C.R.B. 5341 dated 29th. November 1928 but could not give you a prompt reply as I was busy in Kankanhalli Taluk conducting jamabandy. I do not remembe at this distance of time whether there is anv Government Order or ruling that Executive and Ministerial services should be classed and considered separatelv for purposes of Recruitment. As the composition of the several offices has to be given separatelv for the Executive and Ministerial staffs, it is probablv the intention that the two services should be treated separatelv.

On general grounds also it is preferable to treat them as separate for purposes of Recruitment, as the Executive service has greater charm for the Non-brahman applicants and they applv in large numbers for vacancies in that service. This was mv experience as Secretary Central Recruitment Board. It is desirable that adequate representation of these communities in the Executive service should be secured as it is that service which comes in direct contact with the people at large. If the two service are clubbed together it might be possible to fill up all vacancies in the Executive service by promotion or transfer and throw open onlv the consequential vacancies in the Ministerial service for Recruitment. Such ~~situations~~ arrangements ought to be minimised, if they ~~could not~~ cannot be entirely ~~prevented~~ resorted to, for obvious reasons.

Yours sincerelv,

To

The Deputy Commissioner,

Mysore District,

Sir,

With reference to your Office letter No. A.1062/28 dated 3rd October 1928, I am directed to state as follows:-

(1) The question of dealing with short-term vacancies ~~the duration of which~~ which being of three months or less in the first instance eventually exceed three months in duration is under the consideration of Government and will form the subject of separate orders ~~which will~~ to be issued in due course.

(2) As regards the question whether appointments in the ministerial and executive services should be classed separately ~~for purposes of recruitment~~,

It is the intention of Government to treat the two services as far as possible as -- distinct for purposes of recruitment as executive Service makes a great appeal to ~~has greater charm for~~ candidates of backward communities who apply in large numbers for vacancies in that service. Further If the two services ~~are~~ were clubbed together, it ~~might be~~ is hoped possible to fill up all vacancies in the Executive service by promotion or transfer and throw open only the consequential vacancies in the Ministerial -- service for recruitment. ~~Such arrangements ought to be minimised, if they cannot be entirely prohibited~~ for obvious reasons It is for this reason that the statistics

statistics showing the composition of the ministerial and executive - establishments are required to be furnished separately in the half yearly "C" statements.
